- **E.E. Wilson Wildlife Area**
- **New Ballot Drop Box**
- **Adair Wards**
- **Adair CERT Training**
- **CERT Program Update**

Adair Village Mission Statement

To build a safe, attractive, vibrant environment with a welcoming sense of community.

E. E. WILSON WILD LIFE AREA

Fall is just around the corner and with that comes the opening of hunting season at E.E. Wilson! Adair has welcomed many new residents to the community so it is a good time to get the word out that E.E. Wilson, north of town, is a terrific place to walk, run, or bike. However, please be mindful that the area is predominately funded by hunting and fishing licenses. As such, the area is also open to hunting in the fall and winter. You may encounter hunters and hunting dogs off leash. New and old residents are encouraged to take full advantage of all the incredible and diverse outdoor activities in and around our town.

NEW BALLOT DROP BOX AT CITY HALL

This November, Adair residents will be able to drop off their ballots in a new marked blue ballot drop box installed in the parking lot of City Hall. The box will be maintained by the Benton County Board of Elections.

ADAIR TO VOTE FOR CITY COUNCIL MEMBERS BY WARD

The City Council passed Ordinance 2020-02 which designated four wards within Adair Village. A Ward Map is available on our website at www.adairvillage.org. And, Resolution 2020-02 states: "Each ward will be represented by one councilor residing in that ward. At the time of enactment, any then sitting Councilor shall be able to retain their position until they are defeated in an election, resign or fail to run for re-election." The measure also increased the residency requirement to hold elective office to 365 days.

ADAIR CERT TRAINING STARTS IN SEPTEMBER

Community Emergency Response Team Basic Training will begin its second basic training program on September 9th. Classes will be held Wednesdays at 6:00 p.m. at City Hall. The CERT program's goal is to ready a team of volunteers who will be trained and equipped to help the City in the event of a disaster. It is so important for individuals and communities to be ready for any emergency. We would encourage you to consider signing up for this outstanding course or to encourage someone else in the community who you think would be a valuable asset to the program to enroll. Please call Jerry Jackson, CERT Trainer, at 541-745-5507 if you are interested in joining the class. There are still a few spots available for this class.

CERT PROGRAM UPDATE

The first CERT Basic Training Program was taught to the first cohort with virtually no supplies. The CERT Program now has supplies and equipment for training and for CERT operations. Also, CERT members assisted Benton County CERT with distributing free masks, face shields, and hand sanitizer supplied by the County on Saturday, August 22 to the community at the Santiam Christian School parking lot.
