Adair Village Mission Statement

To build a safe, attractive, vibrant environment with a welcoming sense of community.

HAPPY NEW YEAR FROM THE CITY OF ADAIR VILLAGE

As we welcome the New Year, I want to take a moment to wish all of our residents a very Happy New Year and to hope that you and your families enjoyed a wonderful Christmas season. As we look ahead to 2026, there is a great deal to be excited about in Adair Village. The coming year will bring continued progress and several important projects that will enhance our community and improve quality of life for residents and visitors alike.

As mentioned in last month's newsletter, one of our most exciting upcoming projects is the development of a new park located between City Hall and the Barracks building. This park is planned to include a pavilion, restroom facilities, and a historic walking path that will celebrate and highlight the unique history of Adair Village. This space is envisioned as a gathering place for the community and a welcoming area for events, recreation, and reflection.

In addition, the City is looking forward to repaving Willamette Avenue and Laurel Drive, a long-anticipated improvement that will significantly benefit drivers, pedestrians, and the overall appearance of these key streets. We will also continue our efforts to expand and improve the trail system throughout town, helping to better connect neighborhoods and encourage walking, biking, and outdoor activity.

There are many exciting things on the horizon, and we appreciate the continued support and engagement of our residents as we move forward together. We look forward to another productive year and all that 2026 has to offer. Thank you, and once again, Happy New Year!

-Pat Hare, City Administrator

PROTECT OUR RIVERS

With the rain falling outside, you can stay inside and find out more about how the City of Adair Village is trying to prevent the rainwater that falls on our City from becoming polluted. To see the City's plan for decreasing pollution to nearby water-bodies, please read the TMDL Implementation Matrix in the Stormwater section of the City's website at: <http://adairvillage.org/departments-services/public-works/storm-water/>

STREET SWEEPING

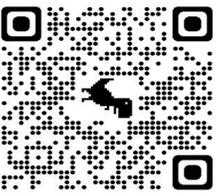

Street sweeping will happen **January 6**. Please move vehicles off the streets on both leaf collection and street sweeping days. Parking is available at City Hall.

NEEDS YOUR HELP
