

UPCOMING EVENTS

City Council Meeting
Tuesday, Jan. 4th at 6:00 p.m., City Hall

Planning Commission
Tuesday, Jan 18th at 6:00 p.m., City Hall

Adair Living History
TBD

Inside this Issue:

- **Adair Rural Fire and Rescue Thanks The Confederated Tribes of Siletz Indians**
- **Chicken Permits**
- **Stormwater Education**
- **CERT**

Adair Village Mission Statement

To build a safe, attractive, vibrant environment with a welcoming sense of community.

ADAIR RURAL FIRE AND RESCUE THANKS THE CONFEDERATED TRIBES OF SILETZ INDIANS

In the fall of 2021, Adair Rural Fire and Rescue (ARF&R) applied for a 50/50 matching from the Siletz Tribal Charitable Contribution Fund to replace our fleet of aging automated external defibrillators (AEDs). The application was reviewed and we were granted the funding.

Receipt of the funding for this project allowed ARF&R to update our AEDs to state of the art devices and have identical equipment to the other providers in the surrounding service areas. This alone is a significant advancement in our ability to seamlessly interface with other agencies during an emergency.

While the population of our service area is approximately 3000 people, this equipment will effectively be used to serve thousands more. Our district has a section of state highway 99W that is traveled by thousands of individuals each week placing these people in potential need of our services. Additionally, our department responds to state wide wildland fire emergencies where the AED on the responding units supports the medical needs of people affected by these incidents.

Thank you, Confederated Tribes of Siletz Indians.

CHICKEN COOP PERMITS

Adair Village Land Use Development Code Section 6.401:

Any person who keeps chickens in the City of Adair Village shall apply for and obtain an Annual Backyard Chicken Permit prior to acquiring the chickens.

For those residents with a current permit, it is time to renew for 2022.

STORMWATER EDUCATION

With the rain falling outside, you can stay inside and find out more about how the City of Adair Village is trying to prevent the rainwater that falls on our City from becoming polluted. To see the City's plan for decreasing pollution to nearby waterbodies, please read the TMDL Implementation Matrix in the Stormwater section of the City's website at: <http://adairvillage.org/departments-services/public-works/storm-water/>

THE CERT PROGRAM NEEDS VOLUNTEERS

The Adair CERT Program is interested in training new members so that we know we will be ready for any disaster event that could affect our City. CERT training is not only fun, but it teaches you how to be prepared for any type of disaster and equips you to help your neighbors as well. CERT Basic Training is now done completely online at your leisure and testing for basic skills is done on the third Wednesday of every month.

If you or someone you know would like to know more about CERT, please contact Karla McGrath at 541-745-5507.
