- **CERT Cares**
- **Stormwater Education**
- **2023-2024 Budget Timeline & Process**

Adair Village Mission Statement

To build a safe, attractive, vibrant environment with a welcoming sense of community.

THE ADAIR CERT TEAM CARES FOR THIS COMMUNITY

The Adair Village CERT team is actively preparing to meet the needs of the community after a disaster. We have come a long way from having no trained volunteers to our current group of nine committed people in continuing training (including our trainers). And, we have gone from having no materials or equipment for training or use in a real disaster to having a good supply of both. What we need is to grow so that when the time comes, there are enough people to form small teams to assess damage, do search and rescue, triage, traffic control, and assist Adair Rural Fire & Rescue (ARF&R) and other responding agencies as requested. Our team is likely to be early on the scene as well as the last group helping with recovery. The bottom line is that we have cared enough to start CERT and we care enough to try to grow it so that we can be as successful and ready as possible. We hope you will join us or refer someone in Adair who cares too,

CERT Basic Training is now done completely online and testing for basic skills is done on the third Wednesday of every month.

If you or someone you know would like to know more about CERT, please contact Karla McGrath at 541-745-5507.

STORMWATER EDUCATION

With the rain falling outside, you can stay inside and find out more about how the City of Adair Village is trying to prevent the rainwater that falls on our City from becoming polluted. To see the City's plan for decreasing pollution to nearby waterbodies, please read the TMDL Implementation Matrix in the Stormwater section of the City's website at: <http://adairvillage.org/departments-services/public-works/storm-water/>.
